**Sometimes my
hands get dirty**

**My hands can get dirty when I
play with my toys**

**My hands can get dirty when I
play outside**

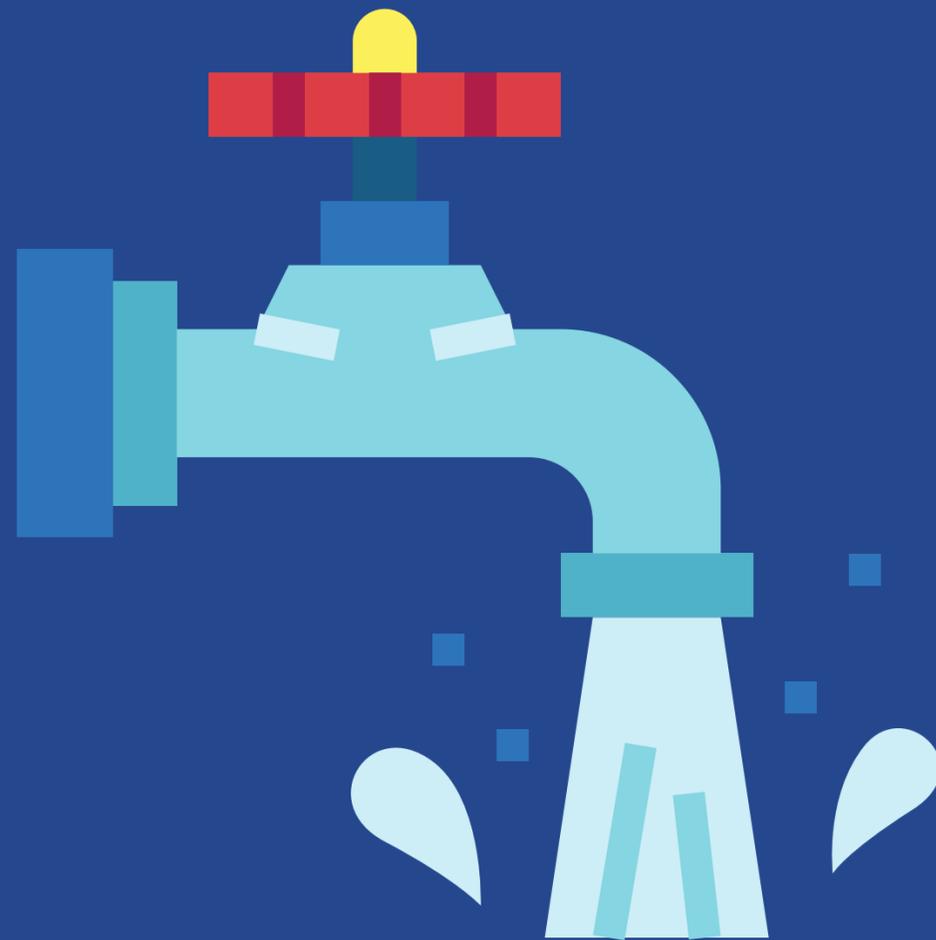

My hands can get dirty when I go to the store

**My hands can get dirty when I
play with my friends**

I can clean my hands with soap and water

**Clean hands help prevent
spreading germs**

**I can help keep germs off of
my body by washing my
hands**

To clean my hands
I turn on **warm** water

**Next I get my
hands wet
under the water**

**Then I
put soap
on my hands**

**I need to rub the soap
all over my hands,
wrists and in-between
my fingers**

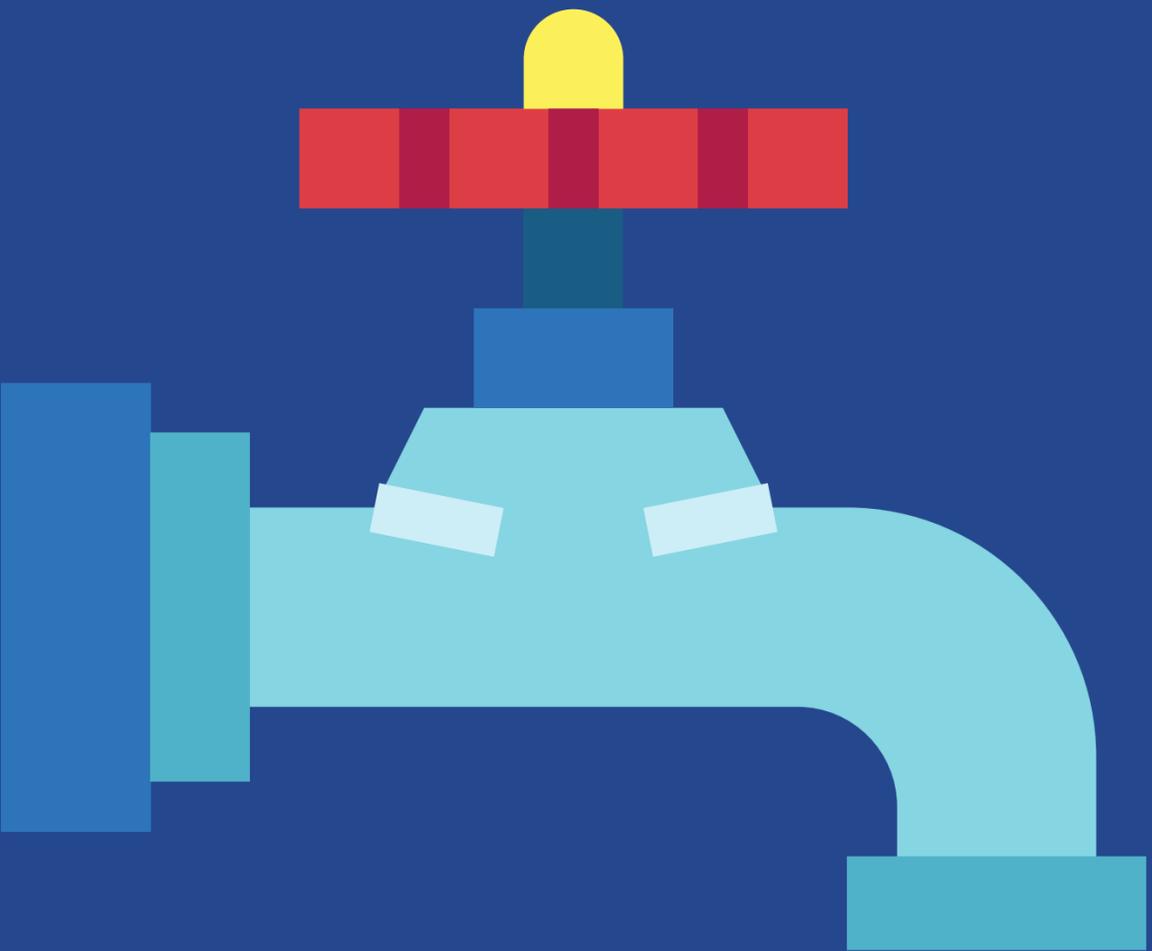

**While I do this,
I can sing a song like
"Happy Birthday"
two times**

**Next I wash the
soap off**

**When I am done
I turn the water off**

**Last, I dry
my clean hands
with a clean towel**

**I'm done!
Now I get to do
a fun activity**
