

Carmen J. Balgobin
Superintendent of Schools

School Board of Volusia County

Mr. Ruben Colón, Chairman
Ms. Jamie M Haynes, Vice Chairman
Mrs. Linda Cuthbert
Mrs. Anita Burnette
Mr. Carl Persis

2022-2023

Dear Parent/Guardian,

The purpose of this letter is to inform you of the potential return on investment for your student, who has the potential to earn an industry certification. The opportunity to earn industry certification is a voluntary process, offered free of charge by the Volusia County School District. Students are assessed by an independent, third-party certifying entity using predetermined standards for knowledge, skills and competencies. The result is the award of a time-limited credential that is nationally recognized and applicable to an occupation. This occupation is included in the Florida workforce system's targeted occupation list or determined to be an occupation that is critical, emerging or addresses a local need. Examples of industry certifications include Adobe Visual Design, Information Technology Specialist, Agricultural Associate Certification, Autodesk Certified User-Inventor, and many more. In 2022-23, Volusia is offering 49 options for industry certification credentials in CTE courses.

During the 2014 Legislative Session, a provision within Chapter 2014-184 Laws of Florida was added that requires district school boards to notify the parent/guardian of a student earning an industry certification that articulates for postsecondary credit. In addition, the estimated cost savings of postsecondary tuition/fees and the market cost of the industry certification if the assessment was taken as an adult must be included.

Attached you will find a table that represent the college credit that is awarded for earning specific industry certifications this table is the articulated credit college/fee savings. A second table is the cost of the test savings for all tests offered in Volusia County Schools. Only identified and aligned Career and Technical Education courses offer industry certifications at each school. Please refer to each school's Program of Studies before requesting information about specific certifications.

If you have any questions related to Industry Certifications, you may contact Amy McAllister at ammcalli@volusia.k12.fl.us For more information about the new legislative changes to Career and Technical Education, visit the Florida Department of Education website at <https://www.fldoe.org/academics/career-adult-edu/cape-secondary/>

Thank you for supporting your student in preparation for their future career!

Sincerely,

Amy McAllister

Career and Technical Education Specialist of Industry Certification

Volusia County School
