

The Five Star School Award is the highest award for community involvement that is bestowed by the Florida Department of Education. To qualify for this award, a school must achieve 100% of the criteria in the categories of Business Partnerships, Family Involvement, Volunteers, Student Community Service, and School Advisory Councils. This is documented annually in a portfolio. In 94-95 we had four schools, today we celebrate 41 Five Star Schools for school year 2018-2019.

School	Principal	Year
